

RAILWAY LABOR BOARD WILL HAND DOWN FIRST AWARD THIS MORNING

Men are Not Prepared to Say Whether Award
Would be Accepted—Brotherhood Chair-
men and Executives Hold all Day Session

CHICAGO, July 19.—(By The Associated Press.)—The railway labor board, created under the Esch-Cummings transportation act will hand down tomorrow morning its first award increasing the pay of virtually all the 2,000,000 railway employees of the country. Tonight reports from reliable quarters indicated it would average from 50 to 60 per cent of the amount asked by the men, or between \$500,000,000 and \$600,000,000 of the billion dollar total they sought.

Judge R. M. Barton, chairman, admitted "that is not far off" when shown the report. The board decided today, at the request of newspapers to announce its decision at 8:30 a. m., instead of 10 as planned.

Whether an award on the basis reported would be acceptable to the men no union officer tonight was prepared to say. Nearly 1,000 brotherhood chairmen and executives held an all day session to discuss union affairs and adjourned until morning when they will receive the report.

General Strike a Possibility

A feeling of pessimism was evident when the union leaders met, and privately they did not hesitate to declare a general strike was a possibility. Tonight, however, it was virtually certain the union chiefs themselves would not call a strike, but would submit the question of accepting or rejecting the award to a referendum.

Copy of Award Stolen

The board began an investigation today of a footing of its office files last night when some one broke in and stole among other things, a copy of the award. Two copies had been prepared, one for the board's files and the other for the printer. The former was stolen.

The decision makes about 5,000 words. While an air of doubt prevailed here, it was announced from Philadelphia that the Pennsylvania railroad planned a ten per cent reduction in the working force of the road this week.

J. G. Rodgers, vice president of the northwestern region of the railroad at Chicago said a reduction in this territory was under consideration, but the percentage to be laid off and the date had not been decided.

Watched Big Five Group

The most closely watched conference today was that of the Big Five group comprising the brotherhoods of railway engineers, firemen, conductors, trainmen and switchmen. Representatives of the six federated shop crafts, including the blacksmiths, boiler-makers, carpenters and electricians also were in session, while leaders of the maintenance, employees—clerks, freight handlers and laborers, held several conferences. Immediately upon the announcement of the award tomorrow the grand council of the brotherhoods will be called. It will be the first session in more than a year. Sixteen groups of rail workers will be represented. They will act upon the award, section by section. How long the session will last is problematical, leaders said.

Credentials Examined

At the meeting of union heads today at which Peter Kilduff, chairman of the engineers' union on the Rock Island was elected chairman, credentials of all union representatives were examined before they were allowed to enter. Secrecy shrouded the meeting and newspapermen were not admitted.

The only union leader here who was outspoken was S. E. Heberling, president of the Switchmen's Union of North America. He declared the unions were not bound to accept the awards.

Asserting he "should not like to see a general strike called," he said with the switchmen asking a sixty per cent increase, a "compromise would hardly be acceptable."

If the award is not sufficient to assure us a decent living, we will take concerted action," he said.

New Unions Meet

While the brotherhood chiefs were in session another group representing the new rail unions which were organized in April, met under the leadership of John Grunau, president of the Chicago yardmen's association to formulate plans of their own. They have asked that their seniority rights be restored but the board refused to hear their representatives here several weeks ago and it was understood the awards would not touch on their status.

"We are not ready to say at this time just what we will do," said Grunau. "But I don't believe the men will be satisfied with the award. As soon as it becomes public we will call a meeting of the men in the Chicago district. The action taken will be telegraphed to all locals and they can either endorse or reject the action taken here."

HARDING WILLING TO HAVE FOREIGN POLICY MAIN ISSUE

Says Col. House Once
Approved Republican
Theory

CAMPAIGN IS
TO BE LIVELY

MARION, O., July 19.—Senator Harding's offensive against the foreign commitments of President Wilson initiated yesterday in a series of questions for Governor Cox was developed today toward a new quarter.

In his second statement on the subject in twenty hours, Mr. Harding declared the Republican conception of what should have been done at Versailles had been vindicated by Colonel House, friend and adviser of the president. He quoted the colonel as saying that negotiation of a peace treaty before creation of a league of nations was suggested by European powers and would have been the "obvious" thing to do.

The ardor with which the senator pressed his attack was interpreted as meaning that he now regards the Wilson foreign policy as having assumed a position of paramount importance in the campaign.

There was no indication that his policy of a front porch campaign would be modified, but his advisers declared the term would be far from synonymous with quiescence.

Ready For Attack

On the question of unqualified approval of the president's conduct of foreign affairs, it was said, his fighting blood is up. It was indicated that in his speech of acceptance he might carry his attack a step further and challenge the fight with some constructive suggestions of his own on the league question.

The senator today adopted a program of recreation and motored to Mansfield, 49 miles for a golf game.

Earlier in the day he conferred with R. K. Hyndes, Republican national committeeman for Ohio and during the evening James G. Darden of New York, an active worker for Mr. Harding's nomination, was a guest.

EXPRESS UNION PLAN

Continuance of Consolidation Urged
for Efficiency—Opposition
Voiced for Fear of Monopoly.

Washington, July 19.—Railroads and state railway commissioners disagreed with the interstate commerce commission hearing today on the application of express companies to continue the wartime consolidation of the American Railway Express Co.

Approval of the railroads of the permanent consolidation was expressed by A. P. Thom, general counsel for the association of railway executives. Opposition was voiced by John E. Benton, representing state commissions, who declared a monopoly would be created which would be injurious to the public interest. Joseph H. Beck, of St. Paul, representing the National Industrial Traffic league, asserted shippers generally were inclined toward the plan because of the more efficient service rendered but looked with disfavor upon the creation of a monopoly.

"I do not wish you to think for one instant that I am unmindful of the conditions which obtained at Chicago or the system which we saw in its ugly nakedness, exemplified there; nor do I forget the men who represented that system."

FIGHTING IN CHINA MENACE TO FOREIGNERS

Leaders of Both Factions
Promise Necessary
Protection

ACTION BY POWERS
IS NOT LIKELY

WASHINGTON, July 19.—Apprehension as to the safety of foreigners in China resulting from fighting in progress between the two factions was lessened today by advices to the state department from the American legation at Peking.

General Wang, commanding in Peking, the advices said, had taken measures to protect all foreigners while reports from Tien Tsin and other points in the zone of activities indicate a disposition by leaders of both factions to respect the foreign colonies. There are in the capital and at Tien Tsin approximately 600 American civilians. The reinforced American military strength in Peking is 425 marines, which with the combined allied force there, including that of Japan will, it is believed here, be sufficient to reduce any disorder. It is assumed the only danger foreigners might incur would be due to their wandering beyond the boundaries of the foreign concessions and then only at the hands of scattered groups. It was explained unofficially today that action by any of the powers is exceedingly unlikely as long as the factions confine themselves to operations that do not endanger foreigners and leave open the road from Peking thru Tien Tsin to the coast.

The greater part of the foreign military forces including the American, is not patrolling that route, which under the treaty growing out of the Boxer uprising must be kept clear for those wishing to leave the country.

COUNSEL APPOINTED

SECRET SERVICE MAN GIVES DETAILS OF SEATTLE STRIKE

Defense Tries to Prevent
Introduction of
Testimony

FORMER MAYOR
HANSEN TESTIFIES

CHICAGO, July 19.—Details of the Seattle strike were related today by Harry Wilson, secret service operative who posed as a member of Soldiers', Sailors and Workmen's soviet council in Seattle, in the trial of William Brock Lloyd and nineteen others charged with conspiracy to overthrow the government.

Counsel for the defendants endeavored to prevent Wilson and Ole Hansen, former mayor of Seattle from testifying but the court today ruled that evidence relating to the Seattle and Winnipeg strike might be introduced.

Wilson testified that when the strike in Seattle was called February 6, 1919, he was employed by a member of the Metal Trades council and that his first duty was the printing and circulating of 20,000 posters among soldiers and sailors. One of these had a picture of a capitalist with a stack of money behind him, he testified, labeled "war profits." The poster was headed "Russia did it."

Wilson told of the formation of the soldiers', sailors' and workmen's council.

"It met on January 25. A report was read by one of the delegates in which he said: 'I am a Bolshevik, and proud of it. I have only one flag and that is a red flag.'"

The witness asked if anything was said about taking over the government replied:

"Yes, they said we were to take over the industries and control the government. This was to be accomplished by a series of strikes."

Chaotic conditions in Seattle the day the strike was called were described by Wilson said the strike order read:

"All men must stand ready to accomplish the things set forth and when this is completed the council will step in to take the reins."

Ole Hansen will take the stand after the cross-examination of Wilson is completed.

SEN. LAFOLLETTE WILL
DECIDE THIS WEEK

CHICAGO, July 19.—Senator R. M. LaFollette will decide this week whether he will be a candidate for the presidency if nominated on the Liberal Party ticket, leaders of the party announced tonight.

A delegation representing the newly organized party visited him at his home in Madison, Wis., and asked him if he would accept the nomination to be ratified at a mass convention later, members of the party said. The senator has called "several of his closest friends and advisers" into conference it was said at party headquarters. It also was announced assurance of financial support was made to Senator LaFollette.

MEAT PRODUCTION FALLS SHARPLY IN SIX MONTHS

Figures Show Start-
ling Conditions in
Stock Industry

PERIOD BAD
FOR PRODUCERS

WASHINGTON, July 19.—Decrease of four hundred million pounds in the country's meat production for the last six months as compared to that of last year was reported by the Institute of American Meat Packers. Statistics of the agriculture department showing that 2,500,000 fewer cattle, hogs and sheep were slaughtered at 59 markets during that period were used as the basis for the estimated decreased production.

"Many losses recorded," said the statement. "Prices of hogs and pork products are substantially lower now than at this time last year due largely to diminished exports. The decrease in slaughter indicates that as a result of these losses some producers have cut down their herds and many reported production. Such a situation would be an economic misfortune for both livestock producers and the public. Past experience has been normally that higher prices for meat animals, and hence for meat, have followed restricted production after which the consumer again restricted consumption."

Cattle prices in May, it added, were "down near the level prevailing when the United States entered the war but in June the average price in Chicago of \$14.95 for native beef steers was, with the exception of June, 1918, the highest June average on record."

Fluctuations in receipts during the two months were said to have caused the price changes.

PENNSYLVANIA R. R.
TO MAKE REDUCTION

Approximately 10 Per Cent in the
Number of Employees in Eastern
Region to Be Dropped.

Philadelphia, July 19.—The Pennsylvania railroad company announced today that "in order to bring about efficiency in the operating forces and to curtail expenses as far as practicable, it has been found necessary to effect a reduction of approximately 10 per cent" in the number of employees in the eastern region of the system.

"Many of these men will be needed at other points on the system," the announcement said, "particularly in the central region."

The eastern region embraces the territory east of Altoona, Pa., and between New York and Norfolk. The statement made no reference to changes in other regions comprising the Pennsylvania system. While the announcement did not specify the classes of employees to be dropped, it was said the majority of the changes would be among men in repair shops, car cleaners and clerks in the shops and in general offices.

PITTSBURGH, July 19.—The rescue crew of the bureau of mines station at Pittsburgh and volunteers, continued to work tonight in an effort to reach the nine men who were entombed by an explosion in the mine of the Union Collieries company at Repton early today. Members of the rescue crew said tonight the cage had been repaired and they expected to penetrate the debris at the bottom of the shaft before midnight.

Officials said tonight they had ascertained that nine men had been entombed, instead of eight. The missing include three fire bosses, three pumpers and three laborers.

Members of the rescue crew said the mine was free of gas and fire.

ALLEGED GERMANS IGNORED EFFORTS OF THE PRESIDENT

Says German Government
Stood for Unrestricted U-
Boat Warfare

REPORT SAYS GER-
MAN PUBLIC MISLED

BERLIN, July 19.—The report of the second sub-committee of the committee of investigation on President Wilson's peace effort during the winter of 1916-1917, prepared by Professor Sinzheimer, former Socialist member of the reichstag, draws the conclusion that Pres. Wilson's action made peace overtures possible but that the German government, not availing itself of them, instead took a stand for unrestricted U-boat warfare.

The report is a grave indictment of Germany's military dictators at the time and shows how Germany economists did not believe unrestricted U-boat warfare could insure German victory. As the gravest mistake the report mentions that America's resources were completely underestimated. The report says it was argued the submarine would prevent the transportation of American troops "if there were any." It further declares the submarines failed to terrorize sufficiently neutral shipping, that not sufficient attention was paid to the anti-U-boat measures of Germany's enemies and, finally, that when America entered the war the military authorities failed to make adequate provision for its inevitable lengthy protraction.

That the German public was grossly misled is a further charge in the report which says "no arguments against U-boat war were permitted to be placed at any time," before the reichstag. It especially mentions the withholding of communication from Dr. Von Hainhausen, formerly chancellor of the embassy at Washington; Dr. Franz von Papan, former commercial attaché who being familiar with the American situation insistently warned against unrestricted U-boat warfare. The report mentions notably von Papan's message to General von Falkenhayn "if you fail to keep the United States out you have lost the war."

The capitulation of the civil government's misgivings to what now has proven to be the mistaken policy of frightfulness and the fact that the reichstag was kept in ignorance of the real situation, according to the report, was the cause of Germany's collapse.

Appended to the report is an interesting document giving a marginal note in the former emperor's hand on a memorial from Admiral von Holtzendorff, then head of the German naval general staff in which the latter suggested a refusal to the proposal by the American ambassador at Vienna that to avoid embolment, American ships going to England should not be torpedoes.

The Kaiser wrote: "I agree to be declined. An end must be made once and for all to negotiations with America. If Wilson wants war he can make and have it."

PROHIBS GET READY TO NAME TICKET AT LINCOLN MEET

Bryan and Sunday are
Easily Favorites as
Ticket Heads

NEITHER TO
ATTEND SESSIONS

LINCOLN, Neb., July 19.—The prohibition party is preparing for a finish fight in the presidential campaign according to W. G. Calderwood, vice president of the party's national committee and the various delegates who have arrived for the national convention which opens Wednesday. Every delegate who has arrived declares a presidential ticket will be placed in the G. field and that William Jennings Bryan and "Billy" Sunday are the men who will head it.

Bryan the Favorite

The question of whether Mr. Bryan will consent now is uppermost and the opinion is freely expressed that if he refuses the nomination it would be forced upon him. "If Mr. Bryan wants the nomination he can have it by nodding his head," said Mr. Calderwood today. His recent statement in The Commoner that a man must accept such an honor if it is offered him is looked upon by us as tantamount to a declaration that he will accept.

Neither Mr. Bryan nor Mr. Sunday are expected to attend the convention and neither has yet signified whether he would be willing to run.

Mr. Calderwood today issued a statement saying the only thing which could avert a national prohibition ticket would be a "clear cut statement by Senator Harding or Governor Cox opposing any changes in the 18th amendment."

"We consider such a statement as impossible, however," he added. All the delegates now here have some "pet candidate" whose interests they are furthering in case Bryan is not nominated or refuses the nomination.

Springfield Man Mentioned

Dan A. Boling, 35 year old international president of the Christian Endeavor society, apparently has a strong following and Clinton N. Howard, of Rochester, N. Y., is another man mentioned. Robert Patten of Springfield, Illinois; Charles H. Randall of California; and Virgil G. Hishaw of Chicago are others said to be in a "receptive" mood.

Delegates express the opinion that a woman may be chosen for the vice presidential nomination. The auditorium where the convention will be held today was receiving its final touches of decoration.

About 350 delegates are expected to attend.

PUBLIC HEARINGS
WILL CLOSE TODAY

SCRANTON, Pa., July 19.—Public hearings of the anthracite coal commission which has been sitting here for the past two weeks to adjudicate wage differences will close tomorrow. Representatives of the mine workers completed their oral arguments today and the operators will finish tomorrow.

A tour of the hard coal field will be made by members of the commission next week to investigate the actual living conditions of the miners. The commission will then go to Washington where the executive sessions will be conducted and the actual framing of the award started.

permanent way a number of years ago and has been in successful operation since that time.

The New York World thus comments on the action of the Wilson administration in permitting trade with Soviet Russia: "Trading with people whose first principle is the denial of all private rights in property seems to be on its face a contradictory and impossible proposition." Yet this is an act of the Wilson administration. If a Republican administration had done this thing, the World would have had a spasm of ridicule or abuse.

THE RAILROAD PROSPECT.

With the difficulty of securing an adequate coal supply still unsolved, now there is the menace of a railroad tieup. The heads of the railway organizations are in session in Chicago awaiting the award by the railroad commission. These chiefs do not hesitate to express the belief that if the increase in wages granted is not somewhat in accord with the demands made that they will not be able to keep their unions from joining in a strike.

The forecast of the finding made several weeks ago was far from equaling the amount the railroad men asked. So without being unduly gloomy over the matter, the country today faces the possibility of a railroad strike. Whatever is done will be done quickly for the union officers declare that men of the rank and file have already expressed their

opinions and they cannot hold them back if the award is unsatisfactory.

WHAT A DEMOCRATIC VICTORY WOULD MEAN.

Consider for a moment what the election of a Democratic President would mean to this country. Mr. Cox stands upon an administration platform. He is committed unqualifiedly to the acts and policies of the Wilson regime. This embraces everything, including the league of nations' covenant as brought back from Versailles, an endorsement of the Wilson conduct of the post office department, a commendation of the operation of the War Risk Bureau, approval of the waste and extravagance that has characterized the government at Washington since the armistice—in fact, everything that the administration has done or left undone. He is committed to the platform and must stand upon it, whether he would or not.

But this is not all. His election would inevitably mean a Democratic congress—both the house and the senate in the hands of Democrats, and a return to the organization which existed from 1913 to 1919 to the country's great cost.

All the important legislation—constructive legislation so sorely needed—would be formulated and directed largely by men coming from one section of the country only.

The committees of the senate and house, as made up under a Democratic administration, would have as their heads the present ranking Democratic members. What would this mean? Here it is in a nut shell:

Senate
Banking and currency would be directed by a senator from Oklahoma.
Commerce by a senator from Florida.
Finance by a senator from North Carolina.
Education and labor by a senator from Georgia.
Interstate commerce by a senator from South Carolina.
Judiciary by a senator from Texas.
Naval affairs by a senator from Virginia.
Post offices and post roads by a senator from Kentucky.
Rules by a senator from North Carolina.
House
Appropriations, Tennessee.
Agriculture, South Carolina.
Claims, Alabama.
Foreign affairs, Virginia.
Interstate and foreign commerce, Tennessee.
Judiciary, North Carolina.
Merchant marine and fisheries, Texas.
Military affairs, Alabama.
Naval affairs, Tennessee.
Post offices and post roads, Tennessee.

OUR LITTLE JOBS
Some jobs are worse than writing verse, and some are more enchanting; I'd rather play a harp all day than be a statesman ranting. For office high some men will fry, in beastly summer weather; and through old themes and hokey dreams, where reubens get together, I wouldn't speak six times a week to be a blooming seraph; I'd rather sing than be a king, or coroner, or sheriff. Let others rise, 'neath burning skies, our sacred bulwarks guarding; I've no desire to soak my lyre, to be a Warren Harding. The statesmen scrap and fuss and yap, and Gilbert jumps on Billy, while in the shade I drink limeade, and knock the tinbrel silly. My record sleeps and no one weeps o'er crimes I have committed; the country grins when statesmen's sins are to news columns fitted. WINCHESTER RESIDENT IS GIVEN SURPRISE

Mrs. Joseph Roark Given Pleasant Surprise by Friends and Relatives Sunday—Clark Family Returns From Kansas City Other News.

Winchester July 19.—Mrs. Joseph Roark was given a very pleasant surprise at her country home, west of town Sunday. The event was planned by her husband, daughter, Miss Mary Elizabeth, and relatives. While Mr. and Mrs. Roark were at church relatives and friends to the number of sixty gathered at their home. A bountiful dinner was served on the lawn and after dinner several hours were spent socially and altogether it was a very delightful occasion to all those present.

Mr. and Mrs. W. B. Clark and daughters, Frances Isabel and Charlotte, returned Saturday from a pleasant visit in Kansas City, where they were guests at the home of Mr. and Mrs. Otis Edmondson, the former being Mrs. Clark's brother. Miss Elsie Edmondson accompanied the Scott county residents home for a visit. The trip was made by automobile.

Edward Gillham who was painfully injured in a runaway accident Saturday morning, was reported today as slowly improving. His many friends will be glad to know that Mr. Gillham's condition is satisfactory.

Mrs. Ellen Troutner returned Monday to her home in Pittsfield after spending several weeks here with Mrs. North Paul.

Supt. Smith, wife and daughters Dorothy and Frances, left Monday afternoon for White Hall and Kane to visit relatives. The death of little Cleston Joseph Durham occurred Sunday morning at 2 o'clock after an illness of ten days. The child was the youngest of three children of Mr. and Mrs. James Durham of the Chesedine Hotel, and was nineteen months of age. He was a bright child and his death will mean a great loss to the family circle. Mr. and Mrs. Durham have the sincere sympathy of their many friends in their deep bereavement.

Funeral services were held at the residence Monday afternoon at 2 o'clock, with Rev. C. W. Caseley in charge. Interment was made in Winchester cemetery.

BERNARD GAUSE DIED SUDDENLY MONDAY

Well Known Citizen Succumbed After Illness Resulting from Pneumonia—Funeral Wednesday.

Death came unexpectedly, although following a long illness, to Bernard Gause Monday afternoon at his home on North Church street. Mr. Gause had been in ill health for a number of months subsequent to an attack of pneumonia. In June he recovered to such an extent that he was for a time at his plumbing establishment on East State street. Then came a period of weakness and he was again confined to his room. For nearly two weeks past he had seemed to gain in strength and was able to sit on the porch of his residence and there to direct the management of his business which at this time includes an extensive contract in connection with the building of the Jacksonville high school.

Bernard Gause.

Saturday night a relapse came and the condition of Mr. Gause grew gradually worse until the end Monday afternoon. The deceased was a son of Mr. and Mrs. J. B. Gause and was born in this city Oct. 17, 1871. He attended the local schools and subsequently took a course at Brown's Business college. Still later he received a diploma in the mechanical engineering department of the college of engineering at Scranton, Pa. As a boy Mr. Gause entered the employ of George E. Matthews, long a prominent plumber and business man of Jacksonville. After a period of years he was admitted to partnership and still later when Mr. Matthews decided to retire, Mr. Gause succeeded him in the business.

As a plumber and engineer Mr. Gause had a reputation that extended far beyond the limits of Jacksonville. For two terms he was the president of the Illinois Master Plumbers' Association and filled that office with such ability that the members of the association sought to have him continue in the position thru another year. For a long period the deceased was a member of the national association of mechanical engineers.

After he entered the business life of Jacksonville, Mr. Gause began to manifest his interest in public affairs. He was a man with strong opinions and it was his pleasure to thoroughly post himself upon any question in which he was interested. He could properly be counted as one of the valuable citizens of Jacksonville, for he had a fund of knowledge and information at his command and he was ready and willing to aid every worthy enterprise. During one more year Mr. Gause was president of the Jacksonville Chamber of Commerce and his term of office was marked by unusual activity, and he was ever on the alert to promote the best interests of Jacksonville.

Some months ago Mr. Gause was appointed by the city administration as a member of a special committee to consider the question of a trunk sewer system for Jacksonville. With his usual painstaking effort Mr. Gause had gone into the subject thoroughly and it was from data that he had largely prepared that the committee formulated a report which has not yet been presented.

Mr. Gause was a member of the Elks lodge and active in the affairs of that well known order. The marriage of the deceased to Miss Pearl Darr occurred in 1907. Mrs. Gause survives him, together with one son, Bernard. He leaves also his parents, Mr. and Mrs. J. B. Gause of this city; two brothers, Harry of St. Louis and Louis of this city; two sisters, Mrs. Fannie Whalen of Carrollton, Mo., and Mrs. Jennie Dunford of Sedalia, Mo.

Mr. Gause carried on his business with such success that he became an extensive property owner and was accounted among the substantial citizens of Jacksonville. His death coming at the prime of life, is a loss to the community.

Funeral services will be held at 4 o'clock Wednesday afternoon at the residence, 503 North Church street. The services at the house will be in charge of Rev. W. H. Marbach and the Elks will officiate at the grave.

SUNDAY SERVICES.
The Sunday services at the Congregational church as planned for vacation, were a success. The program was in charge of L. S. Doane and the address was by Prof. Swift on education along religious lines. The gentlemen gave some very good suggestions regarding Sunday school teaching, and various other matters and the people were dismissed in time to get the sermon at some other churches.

DINNER PARTY GIVEN AT LITERBERRY HOME

Mr. and Mrs. S. H. Crum Entertain Relatives at Dinner Sunday—Other Literberry News.

Literberry, July 19.—Mr. and Mrs. S. H. Crum entertained a number of relatives and friends at dinner Sunday. The guests arrived during the morning and the entire day was spent in a very pleasant manner at the Crum home. The company included Mr. and Mrs. Durrell Crum, Mr. and Mrs. Harry Golden, J. A. Crum, Jacksonville; Mr. and Mrs. Owen Crum, Mr. and Mrs. W. H. Crum and daughters.

Mrs. J. T. Litter and daughter, Miss Georgia, spent Sunday with Mr. and Mrs. Harry Martin of Sinclair.

Mrs. J. W. Young and daughter left Monday for a visit of several days with friends in Jacksonville. Rev. Mr. Gish, who was for some years a missionary in China, filled the pulpit at Literberry Christian church Sunday morning. His sermon was a very able one and was heard by a large audience.

Many people eat too much every day and feel the result. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation.

With a little thoughtfulness and care, however, a great amount of this distress can be avoided, and you'll never realize how true this is until you learn one of the several million people in this country will keep a box of Nature's Remedy (NR Tablets) constantly on hand and use it whenever indigestion, biliousness or constipation threatens.

Unlike laxative pills, cathartics, such as castor oil, which irritate the bowels and produce a violent action, NR Tablets exert a gentle, soothing action upon the entire digestive system, and even the stomach. Its purpose is to promote regular and harmonious action of all the organs that handle the food and body waste.

That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action while prompt and thorough, is so kind and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and benefit such as no laxative pill or cathartic ever produced for anyone.

Get a box of Nature's Remedy (NR Tablets) and try it. There is no risk in doing so, for it must give you greater ease and back than any liver or bowel medicine you ever used. Money back instantly. It is sold, guaranteed and recommended by your druggist.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passages and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

TIME ALLOWANCE TO BE GIVEN RESOLUTE

Shamrock Must Give American Defender Seven and One Half Minutes — Rumored Dissatisfaction With Shamrock Handling.

SANDY HOOK, N. J., July 19.—Shamrock IV, British challenger for the America's cup will be required to give Resolute America a time allowance of seven minutes and one second in tomorrow's race, the regatta committee announced tonight.

This followed the granting of the application of the Lipton craft for permission to use a larger club topsail.

Captain William P. Burton will be at the helm of Shamrock IV when she races again tomorrow against the American defender Resolute for the America's cup it was decided tonight by Sir Thomas Lipton and his advisers after a day of conference over the handling of the challenger in the first two matches, the first of which resulted in a win for Shamrock but had been withdrawn because of an accident and the second of which was called off because Resolute after overhauling Shamrock had been unable to finish within the six hour time limit.

Gossip had it that Captain Burton had asked for another chance, but Sir Thomas would not discuss this phase and Burton could not be reached.

With seamanship counting so much in a contest such as the America's cup race the question of who would handle Shamrock transcended all others.

Resolute still has three victories to win if she is successfully to defend the cup whereas Shamrock needs but two more.

Regatta rules call on alternate racing days for a windward and leeward course of fifteen miles to a lee and a triangular course with legs of 10 miles each but as Saturday's races has to be resailed

tomorrow's contest also will be over a triangle.

Tomorrow, however, the course doubtless will be changed, as it depends on the direction of the wind. Usually the race committee makes every effort to have the first leg a beat to windward.

The regatta committee today arranged with the rival captains to display code flags after tomorrow's race if they are ready to race Wednesday or desire a postponement.

MEMBERS OF TURKISH CABINET RESIGN

CONSTANTINOPLE, July 19.—(By The Associated Press.)—Djemal Pasha, minister of public works and Fahreddine Bey, minister of education who were both members of the Turkish peace delegation resigned from the cabinet today. The prospect is the entire cabinet will resign because of the row over the peace treaty.

It was uncertain tonight whether the grand vizier, Damad Ferid Pasha would be able to sign the treaty as Tewfik Pasha, another member of the peace delegation now also is unfavorable to signature. Tewfik declares the extermination of Turkey by the entente without Turkish consent would be preferable to extermination with the approval of the Turkish government.

Damad Ferid's position is difficult and it appeared doubtful whether even with a new cabinet he could sign unless the treaty seems likely.

BOLSHEVIKI FORCES PUSHING WESTWARD

WARSAW, July 19.—(By The Associated Press.)—Bolshevik forces pushing westward have reached a point where the railroad gauge changes from the Russian broad to the standard gauge which will handicap them if they attempt to continue should they be able to pass the old Russo-German line.

Like sixty miles south of Vilna, now in the hands of the Bolsheviks and reports say there is fighting south of Lida, some Bolshevik detachments have crossed the Niemen near Novogrodek.

South of Niemen there is fighting all along the line in the region of Baranovitchi and extending to the Oginski canal and to the marshes which are impassable. When the Bolsheviks took Vilna they came into possession of seven carloads of American beans.

GETS PLEASANT SURPRISE

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones—all agreed an operation necessary, but on account of his age I was afraid to risk it. I told a friend about it who said his wife had been through the same trouble and had been cured by taking Mayr's Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more ham and cabbage than any man." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.—Adv.

SHOCK ABSORBERS FOR FALSE TEETH

Cleveland, Apr. 2.—Non-skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "false teeth" forms a smooth cushion, holds them firmly in place, and gives a "non-skid" effect while they romp over the roughest roadways of corn and "chew the stickiest candy."

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort wonder—Corga—at a drug store, and proceed to laugh and sneeze crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at Druggists.—Adv.

PEACE PLANS NOT FAVORED BY SOVIETS

Proposals for Armistice With Poland Are Rejected—Bolsheviks Unwilling to Come to London.

London, July 20.—The reply of the Russian soviet government to the British note concerning an armistice with Poland rejects in substance the British peace proposals, according to the London Times, which today publishes a summary of the soviet answer.

The document is long and the Times assumes it will soon be published by the government.

The Bolsheviks decline to come to London for the suggested peace conference, according to the Times, because they say Great Britain is "not impartial." They also object to the admission to the conference of delegates from the Baltic states saying Russia already has made peace with them.

As to Poland, the Bolshevik government points out that the proposed armistice line is unfair to Poland, and that with direct negotiations the Bolsheviks are prepared to grant Poland a much more favorable frontier.

The reply refuses flatly to entertain any conditions regarding the forces of General Wrangel and the refugees in South Russia and demands the unconditional surrender of these.

"The tone of the reply is sarcastic," says the Times, which declares it is aimed at driving a wedge between Poland and the allies by estimating Polish dissatisfaction with the British proposal. The Times adds it believes the reply will make it more difficult for Great Britain to enter into trade relations with Russia.

DEMOCRATIC LEADERS MEET WITH CANDIDATES

Consulted With Cox and Roosevelt on Campaign Plans—Cox Declines to Accede to Harding's Request.

COLUMBUS, O., July 19.—Democratic leaders gathered here today to counsel with Governor Cox and Franklin D. Roosevelt on their national political battle. The Democratic national committee meets 11 a. m., tomorrow to organize the campaign. Much preliminary work was done today in conference by early arrivals with the nominees.

Selection of a committee chairman, naming of an executive committee, arrangements for notification dates for the two nominees and their itineraries were the major affairs to be considered tomorrow.

Governor Cox declined to respond to the request of Senator Harding for details of the conference with President Wilson yesterday on the league of nations. The governor said he would answer anything desirable in his acceptance address.

Disinclination of E. H. Moore, national committee man from Ohio to assume management of the campaign left unsettled tonight the election of a national committee chairman. Mr. Moore's reasons were said by close friends to be personal, based on necessities of his law practice at Youngstown.

BRITISH TRYING TO QUIET TURKISH UNREST

Smyrna, Asia, July 18.—(By The Associated Press.)—The British commissioner visiting the Smyrna district and other parts of Turkey occupied by the Greek army are trying to quiet the uneasy Moslem population and stem the exodus of Turks, which is assuming alarming proportions.

British assurances that there will be no repetitions of the massacres which occurred when the Greeks originally occupied Smyrna have not quieted Turkish unrest. There is a general exodus eastward and southward into the Italian area and from Thrace into Bulgaria, while Constantinople is crowded with the better class of Turkish families.

MANY HOMES ARE BURNING IN BALTIMORE

Baltimore, Md., July 19.—Since noon today when lightning struck two large tanks containing thousands of barrels of crude and light oil at the plant of an asphalt company at Wagners' Point, south of this city, firemen have been fighting to save surrounding property. Two blocks of two-story houses, the homes of workmen are burning and many more are in danger. The burning oil is also flowing toward the Texas Oil Company's plant adjoining.

HARRISON WILL NOT BE CANDIDATE FOR GOVERNOR

Chicago, July 19.—Carter H. Harrison, former mayor of Chicago, will not be a candidate for the Democratic nomination for governor, he was reported to have told close friends today. According to the generally accepted belief in Democratic circles James Hamilton Lewis is the most likely nominee to head the state ticket. Colonel Lewis was said to have raised his possible acceptance on Mr. Harrison's decision.

INMATE OF ELGIN STATE HOSPITAL KILLED

Elgin, Ill., July 19.—Fred Eitkuhr, 34 years old, an inmate of the Elgin state hospital, is dead as the result of injuries received when another patient attacked him with a mop handle last Thursday. "He jumped on me and hit me a couple days ago, so I swore I would get even," said Harold Taylor, the inmate who

attacked him. "I hit him with a mop handle and fractured his skull."

Taylor was sent to the asylum from Chicago for two years. Eitkuhr's home was in Marengo. Taylor will be sent to the hospital for the criminal insane at Chester, Ill.

VARIOUS FEDERAL TAXES MUST BE PAID IN JULY

Millions of Dollars Will be Added to the Federal Treasury This Month.

Millions of dollars will be added to the revenues of the government this month from special taxes due on or before July 31, 1920. The list includes the tax on brokers, pawnbrokers, museums, theaters and concert halls, circuses, bowling alleys, shooting galleries, riding academies, tobacco, buses, etc.

Forms of filing returns are available at offices of collectors of internal revenue and branch offices. Heavy penalties ranging from a fine not to exceed \$1,000 for failure, and not to exceed \$10,000 or one year's imprisonment, or both for willful refusal to make return and pay the tax

on time are prescribed by the current revenue act.

Returns of the capital stock tax also must be filed on or before July 31.

To facilitate prompt collection and as an aid to the taxpayer as well as the government, the Bureau has suggested that filing of the return be accompanied by payment of the amount of tax due. This method is appealing to corporations, as it lessens liability to penalty.

The capital stock applies to every corporation carrying on or doing business in the United States. The tax on domestic corporation is \$1 for each \$1,000 of so much of the fair value of its capital stock for the year ended June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax of \$1 for each \$1,000 of the average amount of its capital employed in the transaction of its business in the United States during the preceding year ended June 30, with the net profit of the same determination.

The tax on makers whose business is to negotiate pur-

chases or sales of stocks, bonds, exchange, bullion, coined money, promissory notes or other securities, and produce or merchandise is \$50 a year. If the broker is a member of a stock exchange, produce exchange, board of trade or similar organization which sells produce or merchandise and the average value on June 30 of a seat or membership in such an organization was \$2,000 and not more than \$5,000 he is required to pay an additional tax of \$100. If such value was more than \$5,000 he is required to pay an additional tax of \$150. Pawnbrokers are subject to a special tax of \$100 a year.

Theaters, museums and concert halls are taxed according to their seating capacity, and the population of the city or town in which they are located. Those having a seating capacity of not more than 250 are taxed \$50; exceeding 250 and not exceeding 500, \$100; exceeding 500 and not exceeding 800, \$150; in excess of 800, \$200. The tax in cities or towns of less than 5,000 inhabitants in one half of these amounts. This tax is paid by the proprietor. The special tax on circuses is \$100.

The tax on bowling alleys and billiard rooms is \$10 for each alley or table. Shooting galleries are subject to a tax of \$20. The tax on riding academies is \$100.

Persons carrying on the business of renting or operating passenger automobiles for hire are required to pay a tax of \$10 for each automobile having a seating capacity of more than two and not more than seven and \$20 for each such automobile having a seating capacity of more than seven.

The special tax on tobacco sales by the manufacturers are as follows: Not over 50,000 pounds, \$6; in excess of 50,000 pounds and not over 100,000 pounds, \$12; in excess of 100,000 pounds and not over 200,000 pounds, \$24; in excess of 200,000 pounds \$24 and at the rate of 16 cents per thousand pounds or fraction thereof in respect to such excess.

Manufacturers of cigars are subject also to a special tax with respect to sales as follows: not to exceed 50,000, \$4; in excess of 50,000 and not to exceed 100,000, \$6; in excess of 100,000 and not to exceed 200,000, \$12; in excess of 200,000 and not to exceed 400,000, \$24; in excess of 400,000, \$24 and at the rate of 10 cents a thousand or fraction thereof in respect to such excess.

Manufacturers of cigarettes, including small cigars weighing not more than three pounds per thousand are taxed at the rate of 6 cents for every 10,000 cigarettes or fraction thereof.

The tobacco taxes are computed on the basis of sales for the year ended June 30.

The tax on pleasure boats, yachts, power boats and sailing vessels is rated according to the length and tonnage.

Wholesale liquor dealers who have qualified as such under the National Prohibition act engaged in the sale of distilled spirits and wines for non-beverage purposes are subject to a special tax of \$100 a year.

Retail liquor dealers confined strictly to dispensing pharmacists who can sell distilled spirits and wines on prescriptions authorized under the National Prohibition Act are subject to a special tax of \$25.

Manufacturers and wholesale and retail dealers of oleomargarine, adulterated butter, filled cheese, and persons engaged in the manufacture of mixed flour also are subject to special taxes.

WOOD GIVES REASON FOR MILLS CLOSING

President of American Woolen Company Says Cancellation of Orders Made Action Necessary.

Boston, July 19.—William M. Wood, president of the American Woolen company in a letter to Mayor W. P. White, of Lawrence, tonight said the company's mills would be re-opened as soon as a demand appeared for our next season's goods.

It was in reply to one from Mayor White asking for a conference with regard to the reasons for the shutdown of the mills in Lawrence which employ 15,000 operatives. Concerning the causes of the shutdown, the letter said in part:

"Last February, when we opened our goods for the season, we took orders sufficient to run our mills on full time for six months. Since then more than one-third of these orders have been cancelled. No new orders of any substantial amount have come in for many months. The result is that at least two months' work for our mills has been lost."

Mr. Wood said opinions differed as to what caused the cancellation of orders, "and the stagnation of the industry."

"Many have been led to believe," he continued, "that our company was charging excessive prices for its cloth."

"But the margin of our profit as fixed last February would not permit of a reduction in the price. It is a fact that the average profit of this company on the cloth that goes to make up a suit of clothes selling anywhere from \$60 to \$80 or more does not exceed one dollar."

KILLING RESULTS WHEN MOB ATTACKS JAIL

One Dies When Masked Mob Attacks Jail to Get Three Negroes—Machine Gun Company Clashes with Mob.

DURHAM, N. C., July 19.—Ray, 45, of Graham was killed; Willie Phillips of Graham, seriously injured and Clem Bradshaw of Haw river, slightly wounded tonight when a masked mob attempted to storm the Alamance county jail where three negroes charged with assault on a white woman are held, according to a statement by Captain Marion B. Fowler, commanding the Durham Machine Gun company, guarding the jail.

"Absolutely false," Captain Fowler said of the report that no reason could be assigned for the shooting. "The masked mob fired the first shots. The machine gunners returned the fire with machine guns and side arms."

TRY TO SHOW MEANS DID NOT GET MONEY

Northern Trust Company Makes Allegation—Show Status of Account in Joliet Company.

Chicago, July 19.—Documentary evidence to disprove the allegation of the Northern Trust Company that Gaston B. Means, had obtained a large part of the fortune of Mrs. Maud A. King, widow of James C. King, Chicago millionaire, was introduced today in the King will contest hearing.

Last week counsel for the company sought to show that Means had induced Mrs. King to withdraw money deposited with the Woodruff Trust Company in Joliet, under a trust agreement and that he had obtained a substantial portion of this.

Counsel for Mrs. Melvin, sister of Mrs. King, declared records of the Woodruff Trust Company showed that the trust fund at the time of its withdrawal amounted to \$172,000, including notes for \$34,000, leaving a balance of \$138,000.

KENTUCKY GOVERNOR TO NOTIFY COOLIDGE

HARTFORD, Conn., July 19.—Governor Morrow of Kentucky will deliver the address notifying Governor Coolidge of Massachusetts of his nomination as Republican candidate for vice-president at the ceremony in Northampton, Mass., July 27 it was said tonight by J. William Allen White of Kansas was to have made the address but sent word he would be unable on account of poor health.

ONLY TWO CANDIDATES CLAIMING LEADERSHIP

DES MOINES, Iowa, July 19.—Only two of the four candidates for the Republican nomination for governor of Iowa were claiming leadership in the early ballots of the state convention tomorrow. They were N. E. Kendall and E. R. Moore.

J. F. Deems announced earlier he was basing his hopes on a possibility of a deadlock between Kendall and Moore. H. M. Haver was in the race but his managers made no claims for the early balloting.

PRISONERS ESCAPED FROM MT. VERNON JAIL

Mount Vernon, Ill., July 19.—Three prisoners escaped from the Mount Vernon jail tonight, sawing the bars from an upper window and lowering themselves to the ground with bed clothing. They are: Fred Bailey, 17, convicted of forgery and sentenced to the Pontiac Reformatory; James Bayne, charged with forgery and attacking a woman, and James Dodson, charged with burglary.

The escape was discovered by the wife of Sheriff Irwin, who heard the men as they were leaving. It was the third jail delivery here in a year. A general alarm has been sent out by the sheriff.

FORMER RESIDENT DIES IN ENGLAND

George S. Sturdy Passed Away at Scarborough, July 4th—News of Death Received Here Monday.

The death of George Simpkin Sturdy occurred at his residence, 3 Hordeshorough Road, Scarborough, England, July 4, according to a letter received yesterday by the Journal. The information came from W. T. Tyson Richardson who like Mr. Sturdy, at one time lived in Morgan county.

Mr. Sturdy was born near Scarborough, England, and emigrated to America in the days of the old sailing ships. He settled in Morgan county on a farm in the Point neighborhood. He came at such an early period that he often told his friends of the days when game abounded and that it was a common occurrence to see and shoot deer on his own farm.

Mr. Sturdy continued on the farm thru a long period of years, conducting his affairs in a very successful way. It was about 1890 that he retired and returned to England, taking up his residence in Scarborough, his boyhood home. The deceased and Mr. Richardson mentioned above, were close friends and they met at least two or three times each year, to talk over their days of residence in Morgan county and about their friends and relatives here.

Mr. and Mrs. Thomas Cockerill of Scarborough are also former residents of Morgan county and visited Mr. Sturdy just a few days before his death.

Mr. Sturdy's first wife died in this country and after his return to England he was married to a resident of Scarborough who survives him. It is of interest in this connection to mention that W. T. Tyson Richardson is a relative of the late Christopher and William Richardson, and as indicated, he was a resident of this county for a number of years. He is now engaged in a successful commercial line at Whitley Bay, England.

The infant daughter of Mr. and Mrs. McKinley Ramey died at the family home on South West street Sunday. Brief funeral services were held at Jacksonville cemetery at 2:30 Monday afternoon in charge of the Rev. Mr. Crockett, pastor of Mt. Emory Baptist church.

Foreman

Mrs. Susie Foreman died at her home in Louisiana, Mo., at 10:30 a. m. Tuesday. She suffered a stroke of apoplexy Friday afternoon and never regained consciousness. Her husband was killed 11 years ago.

The deceased is survived by one daughter, Ruth, at home. Her mother, Anna Siebert and a brother, John Siebert, are residents of this city.

The funeral will be held at 4:30 o'clock Tuesday afternoon. Burial will be made in the Louisiana cemetery.

Those attending the funeral from this city are Mrs. Basil Sorrells, L. F. Sanders and Mr. and Mrs. Meuhlhansen and daughter Marie.

Mrs. Foreman was the owner of the only greenhouse in Louisiana.

Mr. and Mrs. Charles Scanlan of Springfield, spent Sunday visiting at the home of Mrs. Scanlan's mother, Mrs. Joseph Rodems on East State street.

YOUNG WOMAN IS
WELL PLEASED
WITH SELF NOW

Says Trutona Not Only Gave Her
Much Sought Strength But Also
Adds to Her Power.

Peoria, Ill., July 19.—"I've
gained at least ten pounds since
I began taking Trutona and I feel
ten years younger now," says Miss
Eleanor Knox, who lives in Peoria,
at 209 Knoxville avenue.
"My system had been in a run-
down condition for the past five
years. All of this time I did not
think of doctor myself. I suffered
severely with my back; my liver
was out of order, and my stomach
in about as bad condition. Ev-
erything I ate felt like a weight in
my stomach. I had suffered so
long that I had almost decided I
could never get any relief.
"But its different since I began
taking Trutona. After I had fin-
ished the first bottle of the Per-
fect Tonic, I was doing my own
washing. Before this I was so
nervous I'd go all to pieces if I
tried to work. I can eat anything
I want to now, and nothing hurts
me. I sleep much better at night,
too. I wish I had all of the
money I spent before I began us-
ing Trutona, but I shouldn't com-
plain after the remarkable relief
this wonderful medicine has given
me. This Perfect Tonic has
given me what I've been seeking
for the past five years—weight
and strength."
Trutona is really a medicine of
unusual merit. It is unsurpassed
as a reconstructive agency, sys-
tem purifier and body invigorant.
It has been declared peerless as a
treatment for stomach, liver and
bowel troubles.
Trutona is sold in Jacksonville
at W. S. Shreve and in Frank-
lin at Wyle Drug Co., and in Waver-
ly at Wyle Drug Co.—Adv.

CAMPING AT NICHOLAS PARK

Automobile Tourists to be Welcomed at That Popular Resort.

With a desire still further to utilize a popular place of resort, advertise the city and make travelers welcome the park board has decided to invite tourists to utilize the park for camping purposes. Signs will be placed in the leading garages of the city and at some of the entrances to the place and at the park will be printed directions for finding the spot.

The place designated is the southeast corner beyond the playground. There will be found various conveniences, a safe well, eating pavilion in case of rain and a pleasant secluded spot.

During chautauqua it may be practicable to let travelers camp in the vicinity of the custodian's house or along the lake north of the eating pavilion and swimming pool. The desire is to make travelers welcome and advertise the place. In Wisconsin they have a man to each six miles of prominent roads keeping the highways in order and aiding tourists and it is found to pay very well.

WANTED

Lady for clerical work; steady employment, good pay. Address A. B. C., Journal.

BACK FROM THE WEST

Joseph Baptist and J. E. DeFrates have returned from Kansas where they went to assist in harvesting. They say the wheat crop out there is generally quite good. They worked in the vicinity of Salina and Great Bend. They expect to go next to Nebraska to try their fortunes.

One pleasing report they bring back. They say bankers and leading men in both Salina and Great Bend testified to the good character generally of the traveling harvesters this year. They said in times past it had been necessary to have extra police to keep the peace and the strangers from doing mischief of a wholly different character.

One singular fact they revealed. It is well known that heading machines are largely used for harvesting the wheat crop in this region and when the grain stands up well and is just right they claim that it is as economical as any but sometimes the grain is a trifle too far advanced and then some falls to the ground. The men said one farmer out there had a field of five hundred hundred acres which he had not sowed at all; just disced it last fall and another field of 170 acres not seeded at all, and both yielded well.

HAVE YOU SEEN THE TO-RO TRACTOR?

You should! Call in and allow us to show you some REAL plowing.

BLAZE DAMAGES POULTRY HOUSE

Fire of Unknown Origin Damages Poultry House of S. F. Birdsell—Fire Gave Promise of Being Disastrous But Was Soon Under Control.

Fire which started at 11:40 o'clock Monday night damaged the building at 213 South Main street used by S. F. Birdsell for a poultry and produce business. The fire, which was of unknown origin, started apparently in the second story of the main part of the building which on the South Main front is three stories high. It burned thru to the third floor and thence thru the roof.

While the flames had gained great headway and it seemed as tho it would be impossible to save the building, the firemen soon had two streams on the flames and they were quickly gotten under control.

It is not known just who discovered the fire. Roy Goodrich smelled the smoke while on the east side of the square. He ran to the center of the park and saw smoke issuing from the front of the Birdsell building and went to Ben's Place and turned in the alarm.

Merchant Police Sweeney noticed the smoke when he neared the Hudgin Furniture Company as he was making his regular rounds and also turned in the alarm.

The building had a quantity of inflammable material in it. Brooms were stored on the second floor and also there was a quantity of excelsior used in packing. The firemen entered the building by forcing the door to the front stairway.

When Mr. Birdsell arrived he unlocked the front door and the office furniture and books were carried across the street to Owen's restaurant. Mr. Birdsell was overcome by the excitement and fainted. He was removed to his home and it was impossible to estimate the amount of his loss or to learn whether or not he carried insurance.

Foodstuffs Damaged

There was a quantity of flour and sugar stored in the building. The fire department covered this with tarpaulins but it is probable there will be considerable damage by water.

The building was for many years occupied by the firm of Rotger, Becker & Degen, cabinet makers, and who also engaged in the furniture business. Later John Rotger occupied the building with furniture and undertaking.

The building then passed into the control of the Lemp Brewing company and was sold by the company to F. J. Garland. Mr. Garland in turn sold it to M. R. Fitch, who is the present owner.

While there will be considerable loss it will not be as great as it gave prospects of being when the fire was discovered. The fire was confined mainly to the second floor and the damage in the third floor is mainly to the roof.

It is said that an aged man has been sleeping in the store. Mr. Birdsell did not know whether he was there Monday night or not and Chief Hunt was not able to locate him.

SWIFT EMPLOYEES RECEIVE PRESENTS

Earl Carlile and Charles Johnson Remembered by Fellow Employees — About to Start on Extended Trip to West.

Earl R. Carlile, plant superintendent, at Swift & Company and Charles Johnson, buttermaker, were presented with a cordovan leather traveling bag and a revolver respectively yesterday afternoon by the employees of the plant. The men have been employed at the plant for several years and are taking a three months leave of absence.

They expect to leave this morning with their families for the West. They are equipped for camping by the way and are looking forward to a pleasant outing and trip.

As far as Colorado Springs they will be together, but there they will separate. Mr. Johnson going to Los Angeles by way of Salt Lake City, and Mr. Carlile will go to Pueblo and up to Denver, where he will take a position temporarily with Swift & Company.

We have Bale Ties now. P. W. FOX.

CHANGES ARE MADE IN UNDERTAKING FIRM

Firm of Williamson and Cody Dissolved—Mr. Cody Will Open Parlor in Old Gillham Stand—Mr. Gillham Moving to New Quarters.

Charles E. Williamson has purchased the interest of Arthur G. Cody in the undertaking firm of Williamson and Cody which has been in business on East State street and in Franklin of the past eight years. He has taken his son Harlan, who has grown up in the business into the firm which will hereafter be known as Williamson and Son.

The undertaking parlors are being redecorated and the chapel enlarged, and refurnished. The partition between the office and chapel will be built up and French doors put in. The undertaking business in Franklin will also be continued by the new firm in connection with the furniture business as heretofore.

Mr. Cody will move into the rooms occupied by W. W. Gillham on West State street, in which place he worked for ten years before the firm of Williamson and Cody was formed. He is redecorating and will commence business with a new equipment. He too expects to operate an undertaking business in Franklin.

W. W. Gillham is moving to his new quarters in the Kreider building, the new quarters are not yet finished but are near enough completion to allow occupancy.

Social Events

Birthday Party for Harry Capps, Jr.

A number of young friends of Harry Capps were guests at his home yesterday afternoon to help him celebrate his twelfth birthday. They assembled about 5 o'clock and after a while spent in games they sat down to the birthday dinner, after which they again played games.

Those present were: John Morris, Lester Wood, Donald Wood, William Walton, William Wilson, Robert Frisch, Harold Rabjohn, James Martin and James Vosseller.

Gave Surprise Party.

Oliver Jones and daughter, Lucille entertained Sunday, July 18 at their home two miles east of Murrayville in honor of Mrs. Jones' birthday.

At the party a bountiful dinner was served and the afternoon was spent in a social way, ice cream and cake were served during the afternoon. There were about twenty four present, including Mr. and Mrs. Jess Johnson and family of Chatham; Mrs. Agnes Clark and daughter, Ruth; Emma Lee, of Palmyra; Mr. and Mrs. Melvin Alderson and family of Palmyra; E. P. Sooy and family of Murrayville.

COMES TO JACKSONVILLE

S. L. Miller, who for the past four years has been employed in the Department of Public Health of the state of Illinois as sanitary engineer, has been employed by the Caldwell Engineering Company. He took up his duties Monday and will in all probability move his family to Jacksonville from Springfield as soon as he finds a house.

CITY COUNCIL HELD BRIEF SESSION MONDAY

Only Routine Business Transacted—Mayor Crabtree Out of City—Ald. Chapin Mayor Pro Tem.

Owing to the absence of Mayor Crabtree from the city, the council held a brief session Monday evening. After the transaction of routine business adjournment was taken until Wednesday evening, July 21, at 7:30 o'clock.

Mayor Crabtree was called to St. Louis on city business and had expected to return home at 9 o'clock Monday evening. However he was unable to complete the business and telephoned asking the council to adjourn until Wednesday evening as he had something of importance to bring before the body.

When the clerk called the roll they showed all aldermen present except Ald. Flynn and Williamson.

The clerk announced the first order of business would be the election of a mayor pro tem. Ald. Chapin was nominated by Ald. Cain. There being no further nominations the clerk declared the nominations closed and called the roll and Ald. Chapin was declared elected.

The minutes of the last regular meeting were read and approved. At this time Ald. Flynn came in and took his place in the council.

A petition was read from Marion Meadows asking permission to erect a building adjacent to the James building in West State street. The building as described in the petition complies with the building ordinance inside the fire limits and the petition was granted with the understanding that it is to comply with the building ordinance provided for buildings erected inside the fire limits.

Claims against the city were presented and all those properly approved were ordered paid.

Mayor Pro Tem Chapin told the council that Mayor Crabtree was in St. Louis and would not get back in time for the meeting. He had called Ald. Chapin up on the long distance phone and asked to have the council adjourn until Wednesday evening at 7:30 o'clock.

An ordinance providing for changes in the boundary lines of certain election districts in the city of Jacksonville was given a second reading and adopted.

Ordinances providing for sidewalks on Hackett avenue, Caldwell street, East Walnut street and Center street were given a second reading and adopted. An ordinance for a sidewalk on the south side of East Independence avenue from North Main to North East street was given a reading and adopted with the emergency clause attached.

On motion of Ald. Ehnle, seconded by Ald. McGinnis the council then adjourned until Wednesday evening, July 21, at 7:30 o'clock.

FR. MURPHY DEAD AT ASHLAND

Catholic Priest Well Known Here Died Unexpectedly Monday Afternoon.

Ashland, July 19.—Father William Murphy of this town died here at 2:00 o'clock today. Father Murphy had recently returned home from Our Saviors hospital in Jacksonville where he had been a patient for several weeks. He has been in failing health for some time but seemingly has improved of late and his death was entirely unexpected.

For many years Father Murphy has been located at Ashland and he is well known in this vicinity and thruout Morgan county.

The funeral arrangements have not yet been made.

SOME REAL PRAIRIE GRASS

C. C. Berryman, while traveling three miles south of Girard, came across a wet place on which was growing some genuine, primitive, rank prairie grass. It is about eight feet high with a stem at the base the size of an ordinary lead pencil. It grows very thick on the ground and is especially attractive to snakes and other vermin. On the thinner, dryer uplands the grass is shorter and good for hay.

The sight of tall grass brought to the mind of the writer visions of long ago when prairie schooners crossed the trackless wastes and strangers, not knowing the character of the ground, would be stuck in the sloughs and be obliged to unload and even then get help in pulling their vehicles out of the mud. When this grass was dead and set on fire nothing could stand before it. The only way was to kindle a fire and burn against it. Many animals and human beings lost their lives in those terrible conflagrations.

MET AN OLD TIMER

When G. B. Andre was in Chicago recently in company with a number of gentlemen and happened to mention that he was from Jacksonville whereupon a tall, genteel, grey haired man remarked that he was married in Jacksonville fifty years ago and his name was Charles H. TenEyck. He had a great many questions to ask regarding persons he had known here but most of them were gone as he left Jacksonville 47 years ago.

A few old timers will remember the U. S. express office on North Main street about where the Chinese laundry is now. There C. H. and Mode TenEyck were the leading figures with James Hall, father of the late Mrs. Alex Currier. Mode is dead. His brother married Caddie Bacon, daughter of the veteran railroad conductor. They also started a china store about where Ye Booke Shoppe is situated.

Mr. TenEyck figured in two plays, "The Serious Family," and "London Assurance," both of which were great successes.
